Boston Medical Center Health System Unveils New Names for Good Samaritan and St. Elizabeth's Medical Centers

The shared brand identity will help patients easily recognize and access trusted, clinically excellent care across BMC Health System hospitals.

Boston Medical Center Health System is proud to announce the renaming of two of its hospitals, as the system advances its vision of high-quality, accessible, and sustainable healthcare in the region.

Good Samaritan Medical Center in Brockton is now Boston Medical Center

— South (BMC South) and St. Elizabeth's Medical Center in Brighton is now Boston Medical Center — Brighton (BMC Brighton). St. Elizabeth's and Good Samaritan's associated offsite physician practices will transition to BMC Health.

"Our vision for a unified health system, rooted in expert care and access for our communities, is steadily taking shape," said Alastair Bell, MD, MBA, President & CEO of BMC Health System. "We are creating a shared identity across all of our hospitals that stands for clinical excellence, trust, accessibility, and compassionate patient care."

Consistent branding across BMC Health

System hospitals ensures patients know they will receive high-quality, equity-led care. BMC Health System gathered input from patients, employees, and community members to help shape the new names.

"We're honored to work alongside our system hospitals who are also devoted to mission-driven care. Bringing our hospitals under one brand sends a strong signal about that shared commitment," said Paul C. Smith, President of BMC Brighton. "We look forward to building on our more than 100-year legacy in Brighton as the foundation of an even brighter future."

"Today is a proud day for our hospital as we take this next integration step into BMC Health System," said Matthew Hesketh, President of BMC South. "We are incredibly proud of our long history in Brockton and look forward to expanding patient care access to more than 20 other communities along the Route 24 corridor."

Over the next weeks and months, the new names and logos will be incorporated into digital and physical touch points across BMC Brighton, BMC South, and associated BMC Health practice locations.

BMC Health System assumed operations of the two hospitals on October 1, 2024.

New Member Provides Resources for Nonprofits: Beyond Funding - Grant & Capacity-Building

**GRANTS
NEW ENGLAND**

Introducing GNE Connections
Strengthening Leadership, Systems, & Impact for Nonprofits

PHIL AUGERTUH SCHARFNERMIKE ZUCKER

Nonprofits are often asked to do more with limited staff, time, and resources. That’s why Grants New England created GNE Connections — a collaborative service designed to help nonprofits strengthen the people, systems, and strategies behind their mission. It’s about building sustainable success from the inside out. Their work focuses on five key customized areas:

- **Leadership Support & Interim Capacity:** Fractional executive leadership and coaching to help your team regroup, build capacity, and avoid burnout.
- **Board & Governance Development:** Retreats, assessments, and charter reviews that foster clarity, trust, and accountability.
- **Systems & Operations Alignment:** Process and workflow audits (CRM, finance, communications) to streamline operations and improve data integrity.
- **Brand & Communications Strategy:** Clear messaging, donor journey mapping, and visibility strategies that inspire trust and connection.
- **Financial Strategy & Revenue Diversification:** Modeling and planning that bring stability to your budgets and reduce last-minute funding pressure.

Engagements are tailored to each organization’s size, mission, and goals, recognizing that there is no one-size-fits-all approach to nonprofit growth. This resource may be especially helpful for nonprofits looking to improve organizational effectiveness, prepare for growth, or navigate periods of transition while staying focused on mission delivery. Father Bill’s & MainSpring Celebrates Completion of 24-Unit Housing Development in Stoughton

The \$10.5 million redevelopment of the 3.88-acre property, formerly the Stoughton Motel, began in March 2025 and includes three buildings with 12,100 square feet of living space. Two units are fully wheelchair accessible, and FBMS case managers will provide on-site supportive services to help residents maintain long-term housing stability.

The project creates 24 studio efficiency apartments at 1919 Washington Street, providing permanent supportive housing for individuals who have experienced homelessness. The development is expected to welcome tenants this winter. The new housing comes at a critical time as individual homelessness continues to rise locally and statewide, up 26% from FY24. For more information, visit www.helpfbms.org.
